

Return Request

For refunds on downloaded items, please fill out this form and mail it to us at the address below.

We will process your return promptly when we receive it. **YOU MUST SIGN** this form.

Your payment will be returned in the same manner it was paid for.

Why do we need this?

Every refund has to be originated by you and we need to have a record of the person who requested it.

Online merchants are often the target of fraudulent returns and to protect our merchant account status and prevent unauthorized refunds, we can only process it with proof that an order was placed and to the original credit card.

We are working to protect the security of online transactions, and this simple step helps us to spot and prevent and credit card fraud that is attempted through refunds in our merchant account.
